EDUCATION

Birla Institute of Technology, Mesra

2024 – 2028

Bachelor of Technology in Computer Science - CGPA - 8.34

Ranchi, Jharkhand

SD Academy

2023

Senior Secondary (Class-XII) - Score - 90.4%

Deoghar, Jharkhand

SR DAV Public School

2021

Secondary (Class-X) - Score - 93.5%

Ranchi, Jharkhand

TECHNICAL SKILLS

- **Languages:** C, C++, Python
- **Computer Fundamentals:** Data Structures and Algorithms, Operating System, Database Management Systems, Object Oriented Programming
- **Web Technologies:** HTML, CSS, Javascript, Node.js, React.js, MongoDB, My SQL
- **Developer Tools:** Git, GitHub, Visual Studio Code

ACHIEVEMENTS

- Awardee of Reliance Foundation Scholarship, a merit based national scholarship recognising academic excellence.
- Qualified for K3PC Finals by securing Rank 22 in Round 1.
- Secured Rank 1225 in the International Collegiate Programming Contest(Kanpur Region) as part of a 3-member team in Round 1.
- Secured Preliminary Round Rank 2554 in IICPC CodeFest.

PROJECTS

AudioScribe | React.js, Node.js, Express.js, Google Vision API, Google Text-to-Speech

GitHub

- Developed an AI-powered application that converts handwritten notes and PDF documents into speech using OCR and Text-to-Speech technologies.
- Integrated Google Vision API for OCR and Google Text-to-Speech API for MP3 audio generation supporting JPG, PNG, JPEG, and PDF files.
- Designed RESTful APIs using Express.js and implemented file upload workflows using Multer for efficient document processing.
- Built a responsive React interface with voice control, copy-to-clipboard, audio download, and speech commands using Web Speech API.

Expense Tracker | React.js, Node.js, Express.js, MongoDB

GitHub

- Developed a full-stack expense management application using the MERN stack to track income, expenses, and financial summaries.
- Designed MongoDB schemas and implemented RESTful APIs for secure transaction management.
- Built reusable React components for expense categorization, balance calculation, and transaction history.
- Implemented a responsive and modular architecture to improve scalability and maintainability.

CODING PROFILES

- **LeetCode:** Solved 150+ problems (Rating: 1553) [Link](#)
- **Codeforces:** Solved 300+ algorithmic problems [Link](#)
- **CodeChef:** 2 Star Coder (Maximum Rating: 1478) [Link](#)
- **Codolio:** Solved 500+ algorithmic problems across major competitive programming platforms [Link](#)

TECHNICAL ACTIVITIES

- Conducted and managed a C++ programming workshop for 300+ students, teaching fundamental programming concepts and problem-solving techniques.
- Organized and coordinated the club recruitment test, handling question preparation, logistics, and evaluation for new member selection.
